

Hartman & Hartman, Inc. is a self-performing general contractor established in 1978 offering industrial construction services. As a merit shop, we have served the manufacturing, chemical, glass, steel, nuclear, power generation, and oil and gas industries for over 40 years. Our four divisions include Mechanical, Civil, Electrical, and Automation services to our clients.

CIVIL DIVISION

CONCRETE

- Design build capabilities
- Precision equipment foundations
- Precision building foundations
- Precision tank foundations
- Dam and spillway foundations
- Deep caisson installation (of all diameters and depths)
- Containments
- Slab-on grades
- Equipment grouting

STRUCTURAL STEEL

- Access platforms and walkways
- Supply and install pre-engineered buildings
- Supply and install overhead crane installation
- Structural steel fabrication
- Structural welding services

SPECIALTY SERVICES

- Design and installation of helical pile foundations
- Bulk air excavation
- Industrial paint and coating applications
- Soft dig services
- Demolition
- Plant relocation
- Industrial process equipment hauling

Rail Loading Facility

Dam and Spillway Construction

Helical Piles and Pipe Coating

MECHANICAL DIVISION

PIPING

- Design build capabilities
- Process pipe fabrication and installation
- Nuclear-grade piping
- Facility retrofits and upgrades
- Industrial plant maintenance
- Pipe welding services
- Roustabout services
- Instrumentation tubing

MILLWRIGHTING

- Equipment setting and rigging
- Equipment rebuild and repair
- Coupling alignment
- Conveyor alignment
- Crane rail alignment
- Bucket elevator alignments

SPECIALTY SERVICES

- Hydro testing
- Pneumatic testing
- Pipe insulation
- Industrial coating applications
- Demolition
- Plant relocation

Equipment Setting and Rigging

Natural Gas Piping Installation

Vessel Insulation

ELECTRICAL DIVISION

CONSTRUCTION SERVICES

- Industrial construction
 - Glass
 - Chemical/Petro-chemical
 - Metals
 - Water treatment
- Oil and gas construction
 - Compressor stations
 - Well pads
 - Meter stations
 - Interconnects
 - Oil refineries
- Medium and low voltage construction
- Grounding/bonding installation and testing
- Underground utilities
- Heat tracing
- Lightning protection

Mobile Substation

Industrial Coating Skid Application

E-House

EXPERTISE

- Qualifications
 - NFPA 70E Certified
 - Licensed electricians
- Hazardous locations
- Alternative energy solutions
 - Solar
 - Thermal Electric Generators (TEG)
 - Sterling Engine
 - Micro-turbines

MAINTENANCE SERVICES

- Maintenance contracts
- Lighting systems maintenance, retrofits, and repairs
- Preventative maintenance
- Troubleshooting
- Thermal imaging

FABRICATION

- Control panels
- Junction boxes
- Instrument and panel stands
- Instrument and power skids
- Motor control centers
- Control buildings
- E-Houses
- Power distribution racks/skids
- Pump skids
- Instrument air buildings

AUTOMATION & CONTROLS DIVISION

DESIGN

Detailed design, specification, and drafting:

- Instrumentation
- Control platforms
- Control panels
- Facility electrical

ONSITE COMMISSIONING

Field startup services:

- Instrument setup and calibration
- VFD and motor control setup
- Point checkout
- Network testing
- Function testing
- Startup assistance

I/O Panel

EXPERTISE

Experience in the following control and facilities:

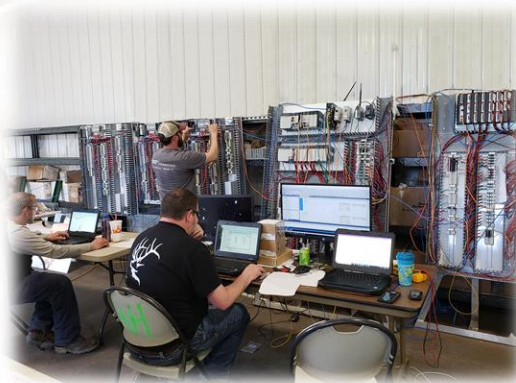

- Process control
- Machine control
- Motion control
- Motor control
- Chemicals
- Manufacturing
- Metals
- Oil and gas
- Water and wastewater

ONSITE INSTALL SERVICES

Field installation services:

- Instrumentation and tubing
- Termination
- Networking

Factory Acceptance Testing

DEVELOPMENT

Software design, programming, and device setup:

- PLC Programming
- HMI graphic design
- RTU configuration

IN-HOUSE STAGING

Equipment assembly, setup, and testing:

- Instrumentation preassembly
- Machine testing
- Panel point-to-point
- Multiple panel system staging
- Factory acceptance testing

Copper and Fiber Network Testing

MISSION STATEMENT

At Hartman & Hartman, our top priority is to serve our customers through excellent communication, attention to detail, continuous improvement, and forging strong relationships.

VISION STATEMENT

To glorify God by faithfully stewarding all He has entrusted to us. We maximize profits to provide for our Hartman family needs and make a difference in the people's lives around us.

Safety

Safety is Number One in our Hartman family. Our culture of safety goes far beyond the workplace. We believe safety is a mindset that you wake up to in the morning and go to bed with at night.

Respect

Treat others as you would want to be treated. Living the Golden Rule is foundational to who we are.

Service

Exceeding our customers' expectations is a priority. We monitor processes to ensure that we create an environment of continuous improvement.

Excellence

Honesty and keeping our commitments is our goal. If we fall short of our commitments, we always go the extra mile to make it right.

Integrity

Leading is serving and we're called to lead with humility; listening carefully to avoid "me first" thinking. Treat everyone you work with as your customer.

Team

Each team member has unique gifts and points of view. We bring our best thinking together to find creative solutions and team success.
